

BIBLE READING PLAN – WCAG YOUTH +++

Structure of Bible Reading Plan:

Quiet – Our culture is constantly on the “go” and praises a fast-paced lifestyle. If we aren’t careful, this will be the same way that we approach God’s Word. We will breeze through it without allowing ourselves to fully immerse our lives in His Word. Quieting ourselves (mind, body, etc.) allows us to enter into this time less rushed and more patient with what God may be saying to us.

Pray – The Bible is illustrated as a double-edged sword that is living and active (Hebrews 4:12). Not only does the Word of God permeate our lives and challenge us to change, it offers life and truth that transcends social, cultural, and any other boundary that may stand in the way. Before reading, pray for God to enable you to understand His Word personally and to receive His truth with action (James 1:22).

Read – There will be a couple of passages to read from God’s Word each day. As you are reading God’s Word, remind yourself that God is speaking to you through His Word (2 Timothy 3:16-17). This is one of the primary ways that God has chosen to speak to His people – and yes, this includes even Leviticus and Jeremiah.

Re-read slowly – Take time and slowly read things that were difficult to understand. Ask God to help you understand things that may not make sense in the moment. I encourage you to highlight or to take notes of things that stand out to you or that you have questions about—bring them to Pastor Jacob, Pastor Tina, or a leader - we would love to discuss God’s Word with you.

Pray – This is a great time to pray God’s Word, and what His Word is speaking to you, into your life. You can ask for God’s help to live out His Word, or even for the opportunities to grow in understanding His Word. Take this time to converse with God about what you just read.

*** Questions to ask when reading Scripture:

1. What did the text mean to the original audience?
2. What does this passage teach us about God?
3. How does that teaching apply to your life today?

****If you miss a day, don’t worry – keep on schedule with the day of the month and get right back on track!***
